Mission Statement....

The Trehab Community Action Agency is committed to act as both a service provider and an advocate for the poor, the unemployed and underemployed, the elderly and other groups at risk. The Agency is committed to serving the community as a catalyst for asset building and by helping increase access to capital.

Trehab's Community Resource Center of Wyoming County

is located at 102 Warren Street. The Primary Goal of the Center is to act as a Community Resource to assist individuals and families on two tracts; overall wellness, physical, spiritual and comprehensive connection to Community resources and Workforce/ Employment. This will include employment skills, career counseling, high school equivalency assistance and reentry assistance.

The Resource Center is a County wide recovery support center for individuals and families of individuals in recovery along with providing long term support for all.

The Center provides access to a coordinated network of community-based services and supports, both those operated by Trehab and those operated by other community partners. The breadth of services offered by Trehab, along with the connections the agency has developed over more than 40 years of service, are conducive to a comprehensive approach to addressing client barriers.

Trehab believes those recovering from a substance use disorder can establish wellness and thrive, with a proper support system. Staff members work to connect individuals and families to community resources, taking a holistic approach to treatment- which increases support and the likelihood for recovery. Trehab offers a variety of counseling services to meet individual's and their family's needs during different stages of the recovery journey.

The Trehab Community Resource Center of Wyoming County is a peer-run resource and advocacy center, designed as a safe and supportive space for individuals to explore and define their recovery. It is person-centered, and builds on the strengths and resilience of individuals, families, and the community, to help those with or at risk of a Substance Use Disorder to achieve stability, abstinence and improved health, wellness, and quality of life.
